SOLUTIONS

From Our Founder

Alaska is our home, and Katmai Solutions is dedicated to supporting and expanding public safety and emergency management within the state. Alaska provides unique challenges in environment, geography, resources, and culture. With many public sector officials wearing multiple hats daily, planning, training, and exercise can take a back burner to day-to-day tasks.

Our “menu” of fixed price Alaska Services are designed to supplement, on a task or hourly basis, daily staff to free up municipality and tribal leader’s time for other pressing projects. In addition, general consulting services are available for our Alaska clients where the need does not fit into a pre-defined project. These services are available at a significantly discounted rate, with most items being provided remotely. On-site services are available for an additional cost. We look forward to supporting your community and citizens.

Dan Nelson, Principal Consultant

Public Safety/EM Consulting

Katmai Solutions offers emergency management (mitigation, planning, preparedness, response, recovery, and grants) and public safety (Fire, Law Enforcement, EMS, and Dispatch) Subject Matter Expertise (SME) consulting and technical assistance. These services are billed on a monthly basis and are available at a discounted rates:

- Pay as you go (\$155/hour)
- Prepay 40 hours (\$124/hour) - \$4,960 retainer
- Prepay 80 hours (\$120/hour) - \$9,600 retainer
- Prepay 120 hours (\$115/hour) - \$13,800 retainer

Client must sign an Agreement for Consulting and Training Services and use retainer funds within one year.

Emergency Operations/Continuity Plan Review

Katmai Solutions will review and provide update recommendations for an existing or draft EOP or COOP document. Update recommendations will provide a basis for a workplan necessary to fully update the document to comply with current FEMA guidance for respective document. Minor recommendations may be ready for direct insertion into plan. Major recommendations will likely require additional work prior to incorporation into the plan.

The cost for this service is \$2750 and estimated turnaround time is 30 days with timely feedback and responses to any contractor requested information or clarifications.
